Recipe Title: Momma Davies' Ice Cream Cone Cupcakes

Recipe Ingredients:

- Box of cake mix; I do a mix of chocolate and yellow (ingredients needed: Water, Eggs, Oil)
- Flat bottomed ice cream cones
- Cake frosting: Chocolate and Vanilla
- Sprinkles

Recipe Instructions:

1. Prepare the cake mix as directed on the box.
2. Line a muffin tray with ice cream cones standing up. Fill each ice cream cone between 1/2 -2/3 full. Bake according to directions on the cake box.
3. Allow cupcakes to cool to the touch before frosting.
4. Frost the cupcakes with either a knife or a piping bag then dip in sprinkles, or just pour a few on top! The piping bag makes the frosting look like ice cream, but Momma Davies always frosted with a knife and then added sprinkles!
5. Enjoy!
