

There is no substitute for human blood.

From cancer patients to accident victims, premature babies and more, your generosity contributes to saving lives right here in our community. Learn why blood matters and how you can start saving lives today.

Tattoos, travel abroad, illness or other medical conditions, medications, etc. These are just some of the situations that could affect your ability to donate blood. Before signing up for a time slot for your blood drive, please take some time to click on the link below to guide you through answers to many of the questions you may have regarding your eligibility to donate. If you have a specific question that is not addressed here, we would love to hear from you prior to signing up for the blood drive. Please call the Ewing, New Jersey center and ask to speak to one of our R.N.'s regarding your concern. You can reach us at 609-883-9750.
